## Editors Blog

Well racers one more meeting to go. I must say that it has been a good season, mind you the drivers that have rolled or damaged their cars might not think so. But at least we might have some benders for next year.  
Well interesting to see who the favourite to win in the ladies will be. We will just have to wait for prizegiving to find out wont we.  
There seems to be a bit of confusion over car numbers for some drivers, see it goes like this. If you have number eg: 22 then nobody can have that number unless you haven't been a member for two years (this had been the rule from day dot) it was voted at the agm that one number for one car I thought that it was quite clear. I don't see what the problem is do you.  
Lets see if we can have some awesome racing this Sunday after all that's why we are there.  
Well a big thanks have to go around for the sponsors that have paid big money to have their signs etc seen from the hill. please think about that when you park in the pits. on that if you are not a tow vehicle do not park in the pits
